BOLD ATTEMPT

Made By Nineteen Year Old Youth to Steal Automobile in Broad Day—Fellow Not Captured.

A bold attempt was made here Thursday morning to steal an automobile belonging to County Attorney Will Rees.

A young man giving his name as Dobyns came to the Kirk Garage on Sutton street Thursday morning about 10 o'clock and told Mr. Morris Kirk that he was a guest at a house party at Mr. Charles Downing's in the country and that he had been sent by Mr. Downing to get his car. Mr. Kirk showed him the car which was standing on Sutton street, but the fellow got in the car of Mr. Will Rees and drove off up the street.

Several minutes later Mr. Kirk had occasion to go up the street and seeing Mr. Downing told him of the young man getting the machine. Mr. Downing replied that he was not having a house party and that the young man's story was untrue. Mr. Kirk then returned to Sutton street and noticed that Mr. Rees' car was gone and immediately set out to search for the car. He saw the young man coming down the street and stopping the fellow he got into the car with the remark that he would drive around to the police station. The young man jumped out of the car and ran up Sutton street and out the Lexington pike. He was last seen near the top of Maysville hill.

Mrs. Jessie Huron of West Second street returned home Thursday afternoon after attending the wedding of her sister, Miss Lona Landerback, formerly of this city. Miss Landerback was married to Mr. William Herdreich of Cincinnati. The wedding took place Wednesday evening at 8 o'clock at the M. E. Church of West Sixth street of that city.

SUCH AS IT WAS

It Was a Great Game Played in the League Park Thursday Afternoon Between Frankfort and Maysville.

After about two and a half innings of fierce comedy baseball, in which there occurred seven two-base hits, one triple, and one home run, Manager Holmes of Frankfort, chased off the field twice and then called back the score standing 8 to 6 in favor of Maysville. Empire Franklin forfeited the game to Maysville 9 to 0.

The trouble began in the last half of the first. Kaiser singled, Jones doubled, scoring Kaiser, Tinsie safe on Kimble's error, Williams hit by pitcher Kohlschaker, hit to third, Hengens overthrew at home allowing Jones to score. Tinsie also came in and the Frankfort team, before Franklin could make a decision, demanded that Tinsie return to third. Tinsie was ordered back to third and Manager Holmes was ordered to leave the field. Instead of complying he grabbed the umpire around the neck and began choking him. Officer Toile then escorted Holmes off the field, but he only got as far as the bleachers. Another scarp ensuing he returned to the field only to be ordered out of the grounds.

In the second frame Maysville scored four, due mainly to bad playing of the Old Taylors. In the third the game broke up. Shepherd fouled, Kaiser walked and was out trying to steal second. Jones was hit on the hand by a pitched ball. He went to second on a wild pitch and came home on another one. Monroe refused to pitch, but finally after much arguing in which the umpire refused to order Jones to return to third, Monroe threw one ball, which Tinsie hit for a home run to right, the right fielder standing between first and second yelling at Franklin. Franklin then declared the game forfeited. The game was protested by Holmes.

It is estimated that the number of feet run by the various players in coming into argue with the arbiter would, if put in a straight line extend from Xenia, Ohio, to Ship, Ky. Such exhibitions while funny and great stuff for the press does not appeal to the fans.

The score up to the time hostilities were declared:

SHOT WIFE

With Twenty-Two Caliber Revolver at the Home of Her Mother Thursday Afternoon.

Annan Marks, colored, shot his wife and rather seriously injured her Thursday afternoon at the home of her mother on the Fleming pike.

It seems as though the couple had been having some trouble for the past few days. According to the story of the woman on Wednesday night Marks had beat and threatened her and who had threatened to leave him and go to her mother, Thursday morning about ten o'clock she left for her mother's home on the Fleming pike about a mile from town.

At noon Marks went home and not finding his wife, at once set out for the home of her grandmother also on the Fleming pike. Not finding her there he went to her mother's and after dragging her out of the house by the hair, he beat her and kicked her in the side and stomach. He then drew a revolver and shot her in the right side. After he had shot her he did not seem sorry she told Chief Mackey, but said that he did not care if he did put him in jail.

After the shooting Marks returned to the city to James Stable where he works. He told Mr. James Thomas what he had done and Mr. Thomas promptly notified Chief Mackey. The negro gave himself up and said that the shooting was accidental, having shot his wife when drawing the gun out of his pocket. He was lodged in jail and will be given a hearing this afternoon.

Mrs. Maggie Muse of Mt. Carmel was a visitor in Portsmouth, Ohio, Thursday.

Mrs. Ed Aldrich of Paris, Ky., is spending a few days in this city with friends.

LOCAL MAN HEARS CHAUTAUQU PROGRAM

Mr. Thos. P. Boone, Secretary of the Maysville Chamber of Commerce, while holding a like position in Johnson City, Tenn., had the opportunity of hearing almost the same program as the one to be given here next week by the Redpath people. In talking with a reporter yesterday afternoon Mr. Boone spoke of the various numbers on the program in the highest terms. He was especially well pleased with the strong character of the lectures. Of Monteville Wood, the scientist who demonstrates the use of the gyroscope, he said: "His work is nothing short of marvelous; he not only entertains everyone, young and old, but his lecture is instructive and never to be forgotten. He also spoke highly of the musical numbers being especially well pleased with the Alce Nictow he said: "Perhaps twenty-four hundred people heard her sing and I am sure they all went away pleased. She is not only a great artist but her selections were of such a nature that the uninitiated could enjoy and appreciate them."

Miss Okey Davenport and sister, Mrs. J. D. Davenport of Ashland, who have been visiting their sisters, Mrs. Wood and Hinton of this city, will leave Saturday for an extended visit with friends in Cincinnati and Cleveland, Ohio.

Miss Nettie Bryant of Winchester, Ky., is visiting Mrs. Ella Allen of East Second street for a few days.

They **SATISFY!**

How America's largest cigarette manufacturer accomplished "the Impossible" by producing a MILD cigarette that SATISFIES. It is the CHESTERFIELD Cigarette :

ALMOST anybody can make a cup of coffee. But there are said to be not over a half-dozen restaurants in the United States where they know how to make it right.

Similarly, almost anyone can make a cigarette. Just roll up some tobacco in a piece of pure paper—and there you are.

There are, perhaps, over 800 brands of cigarettes sold in this country today. But not one of them does what Chesterfields do—for Chesterfields are MILD; and yet they SATISFY.

Some cigarettes may be mild, but they don't satisfy. Only one cigarette does BOTH—Chesterfield!

This truly unique cigarette has all of that refreshing taste—delicacy (or mildness) which any good cigarette must have. Yet, without sacrificing any of this delightful mildness, Chesterfields go one step further—they do more than merely "please your taste"—they let you know you've been smoking. They satisfy!

And yet they're mild!

A Step Forward in Cigarette-Making

WE ARE proud to be the firm that brought about this important development in cigarette enjoyment—for that is exactly what the Chesterfield blend is.

This cigarette is an outgrowth of long, earnest effort on the part of this, the largest cigarette manufacturing concern in the United States.

The mild, yet satisfying Chesterfield blend is not the result of happy chance. It is one of the results of our many years of cigarette experience—of the heavy volume of our purchases of cigarette tobacco—of the prestige and advantage these enormous purchases give us in securing the choicest leaf from the tobacco fields of the world.

Chesterfields are an achievement.

A New Thing for a Cigarette to Do

CHESTERFIELDS do the one thing you have always wished a cigarette would do—they satisfy!

Smoke them and we believe you will find that ordinary cigarettes seem by comparison almost flat.

Give Chesterfields a trial. We believe you will be glad to learn what they can teach you about cigarette enjoyment.

You have been reading here some rather unusual, almost daring, statements about a cigarette. If Chesterfields were an untried cigarette—if we had not been observing their behavior in other cities—if we did not KNOW that they make good with smokers, we could not afford to make these statements to you over our signature.

But these statements, strong as they are, can mean little or nothing to you until you have actually smoked your first Chesterfield.

You will find that your own dealer has Chesterfields waiting for you.

BE FAIR WITH DOGS

(Our Dumb Animals)

Only muzzle a dog if it is absolutely necessary. The wearing of a muzzle tends to make dogs cross and snappish.

It does not prove that a dog has rabies or is made because it froths at the mouth. It may have a sore throat or a fit.

Clipping the years is a cruel and barbarous practice, wholly unnecessary, depriving the animal of its natural comfort and beauty and injuring its hearing.

If you must tie up the dog have the end of the chain secured to a ring on a long wire, so that it can have the run of at least 20 or 30 feet.

Don't blame the dog for showing no ambition if it is overfed on meats and

sweets. Its health and spirits will be of the best if it is given simple but substantial food and allowed the freedom of outdoor life.

Train the dog with firmness and fairness. The animal is eager to learn what is wanted of it, and when once it understands, will follow instructions with almost human intelligence.

T. R. WILL TAKE STUMP FOR HUGHES IF LATTER ASKS IT, FRIENDS BELIEVE

Oyster Bay, June 21—Another important conference took place at Sagamore Hill Tuesday at which five National Committeemen of the Progressive party and several other leaders were present to discuss what action the committee shall take when it meets Monday to report on Theodore Roosevelt's edition refusal of the Bull Moose nomination.

Inasmuch as there no longer is any doubt that Colonel Roosevelt will support Justice Hughes, the question about which the most speculation now revolves is whether or not the Colonel will support the Republican nominee actively.

The answer to this question is believed to be in Hughes' own hands, and if the Republican nominee requests Colonel Roosevelt to make campaign speeches this fall it is understood that the Colonel will take the stump to that extent. The former President is taking the position that he would not feel free to go into the campaign without being invited to do so.

A meeting between Roosevelt and Hughes is expected to be arranged as soon as the Pittsburgh National Committee gets its business over in Chicago Monday, and its report on that day is expected to be an acceptance of Colonel Roosevelt's declination of the nomination and approval of Mr. Hughes' statement on Americanism.

At Tuesday's conference the letter which Colonel Roosevelt has written to the Progressive National Committee regarding his declination of the nomination is said to have been read to the committeemen who were present. They had luncheon with the Colonel and then came away satisfied.

Those present at the conference included: George Von L. Meyer, former Secretary of the Navy; Charles Bonaparte, former Attorney General; H. Winslow Williams, National Committeeman from Maryland; Herbert Knox Smith, from Connecticut; Joseph W. Alsop, National Committeeman from Connecticut; Dr. H. Nelson Jackson, National Committeeman from Vermont; William H. Dye, National Committeeman from Indiana; and William Savacool, National Committeeman from New Hampshire.

WHENEVER THEY'RE NEEDED

New York, June 21—American marines will be landed in Mexico whenever there is occasion to protect American citizens, Secretary of the Navy Joseph Daniels said here today, upon leaving the convention room of the National Editorial Association, before which he made an address.

FOUR WEEKS IN HOSPITAL

Mrs. Brown Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains."

A friend who is a nurse said for me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. TEXAS MILITIA OFFICERS SENT TO LEAVENWORTH FOR SELLING EQUIPMENT TO MEXICANS

Austin, Texas, June 21—Emmet E. Walker, former Lieutenant Colonel and Assistant Quartermaster General of the National Guard, and George J. Hend, former Captain of Militia, were sentenced to serve three years and one day in the United States Penitentiary at Leavenworth, Kan., in the Federal District Court today. They were convicted of conspiracy to defraud the Government and of embezzlement of Government property, the charges growing out of the sale to Mexican Constitutionalist National Guard equipment.

CASH HAS ITS APPEAL

Seagirt, N. J., June 21—Militia officers searching Northern New Jersey for horses have found stables containing 800 animals which representatives of the French Government had inspected and approved for purchase, but for which cash had not been paid. The owners of these horses at once responded to a request that they be sold instead to the New Jersey guardians.

URGE WITHDRAWAL OF TROOPS

New York, June 21—President Wilson is urged to withdraw the American troops from Mexico at the earliest possible moment in a resolution adopted tonight by the American Union Against Militarism. The memorial, which was telegraphed to President Wilson, was signed by Oswald Garrison Villard, Amos Pinchot, Dr. Sidney K. Gulick and a number of others, including several delegates from Philadelphia.

FULL PAY DENIED

Washington, June 21—Government employees who enlist with the national guard for Mexican border service will receive pay for at least 45 days of their absence, according to an opinion by the Attorney-General here today. It was said no pay probably could be worked out whereby they could receive pay for their full period of enlistment without a special act of Congress.

FALL FROM AEROPLANE FATAL TO LIEUTENANT IMMELMANN, HERO OF GERMAN AVIA- TION SERVICE

Berlin, June 21—Lieutenant Immelmann, whose daring exploits as an aviator have made his name known throughout the world, is reported to have been killed when he fell with his aeroplane.

The Lieutenant's name first was mentioned in an official report from the German War Office on October 2, 1915, when it was related that he had shot down his fourth aeroplane. The last mention of his name in an official communication was May 17, when he shot down his fifteenth aeroplane.

Immelmann's method in vanquishing his foes had been described as simple but effective. He usually mounted to a great height and when he observed a hostile aeroplane beneath him would swoop in one long straight dive. His plan was to pass in a rapid diagonal just behind his antagonist, firing continuously as soon as he came within range. If his machine gun failed to bring down his adversary he would make no effort to pursue the aeroplane, but would continue his dive until it brought him into the German lines.

RELEASE OF GERMAN BANKER, AR- RESTED AT EL PASO, IS OR- DERED BY THE DEPART- MENT OF JUSTICE

Washington, June 21—Chief Meisner of the Department of Justice's bureau of investigation, today telegraphed his El Paso agent to drop charges against Frederick Griese, a German banker of Mexico City, detained there for alleged attempts to violate American neutrality. Investigation convinced officials here there had been no violations.

Griese was suspected by department agents of taking a leading part in anti-American propaganda in Mexico and was arrested as he was preparing to cross the border. No evidence was discovered on which he could be held.

El Paso, Texas, June 21—Frederick Griese was released today on receipt of orders from Washington. It was said Griese was detained because he had uttered anti-American sentiments and had sent several code messages to Mexico City.

COURT-MARTIAL AWAITS KOLE- MAINEN, UNLESS HE REPORTS FOR MILITIA SERVICE.

New York, June 21—Hannes Kolehmainen, long distance runner, who won athletic fame as one of the Finland's representatives at the Olympic games in 1912, has decided not to respond with his national guard regiment, the Fourteenth, of Brooklyn, for Mexican duty. It became known today.

According to Kolehmainen's brother William, the athlete was induced to join the regiment under the representation that all that would be required of him would be to take part in athletic games.

Kolehmainen is a stone mason and has taken out his first citizenship papers. Captain W. H. Jackson, Adjutant of the Fourteenth Regiment, said that Kolehmainen would be Court-Martialed for disobedience of orders unless he reported for services.

PRESIDENT'S RIGHT TO MOBILIZE MILITIA CHALLENGED IN DIS- TRICT OF COLUMBIA COURT

Washington, June 21—President Wilson's right to mobilize the state militia was challenged in the Courts of the District of Columbia today when William J. Brockman, father of Corporal John B. Brockman, a member of Company C, Third Regiment, District of Columbia National Guard, asked for the issuance of a writ of habeas corpus, which was granted, ordering Colonel G. B. Young to present the young man in Court.

Brockman declares his son was only 17 years old when he enlisted, without his parents' consent, May 15, 1915. Referring to the mobilization order Brinkman, in his petition, declared that it violates the constitutional rights of his son and himself.

NICK IS NO SLACKER

Condon, Ohio, June 21—Nick Vinzi, 21 years old, an Italian, appeared at the recruiting office today and asked in broken English to be allowed to enlist in Company C, Eighth Regiment, O. N. G. He was refused on ground that he was not a citizen and instructed to secure naturalization papers.

"It's all right now, I have the papers; I'm going to help Uncle Sam lick the Mexicans," Vinzi said to Captain Hazlett. He took a medical inspection and was started in to drill.

Make up your mind, young man, that you will hold your job until a better man comes along to take it. When you get this fact firmly planted in your noodle you will be worth something to your employer.

ANOTHER "PORK BARREL"

The gag and gavel methods by which the \$51,000,000 "flood control" bill was jammed through the House on Wednesday without a roll call and a record vote largely justified representative Fren's characterization of it as "pork and nothing else." If it has real merits why did Speaker Clark and the 180 members who put it through evade a record vote?

In form the bill appropriates \$45,000,000 for flood prevention along the lower Mississippi and \$6,000,000 for the Sacramento River in California. But the most applauded arguments for it pictured the fruitfulness of the lands, all in private ownership, which would be reclaimed and converted from unprofitable swamps into wealth-producing fields.

The real purpose of the bill seems to be reclamation rather than flood prevention. But it is reclamation on a basis quite different from that adopted in the arid regions of the West. There the government merely advances the capital required for irrigation works. Private owners benefited are required to repay their share of the cost and public lands benefited are charged with their proportion, which must be met by future owners.

The pending bill proposes an outright gift of \$45,000,000 to private landowners. Such a proposition will hardly appeal to the farmers of Illinois and other northern states who have taxed themselves many millions for drainage. They have no objection to seeing Mississippi River swamps reclaimed, but will naturally object to helping pay for work from which they can receive no possible benefit.—Chicago Herald.

Belle of Maysville

The most wonderful whisky that ever drove the skeleton from a feast or painted landscapes in the brain of man. It is the mingled souls of wheat and corn. In it you will find the sunshine and the shadow that chased each other over the billowy fields; the breath of June; the carol of the lark; the dews of night; the wealth of summer; and Autumn's rich content—all golden with imprisoned light.

Drink it, and you will hear the voices of men and maidens singing the "Harvest Home" mingled with the laughter of children. Drink it, and you will feel within your blood the star-lit dawns, the dreamy, tawny dusks of many perfect days. For many years this liquid joy has been confined within the happy staves of oak, longing to touch the lips of man.

Yours for, \$3.00, \$4.00 and \$6.00 per gallon. Sold only by

REMARKABLE TRIP

Mr. and Mrs. Bruce Henderson stole 3,000 Miles in Their Auto Without a Puncture or a Mishap of Any Kind.

Mr. and Mrs. Bruce Henderson and daughter, Virginia, arrived here last evening in their auto for a visit to her parents, Mr. and Mrs. Frank Smith of East Second street.

The trip was a very remarkable one. Mr. and Mrs. Henderson left their home at Fernley, Nevada, on June 1, crossing the Great American desert and traveling in all 3,000 miles in their Overland car, and during all that time and distance they did not experience a single mishap of any kind, not even a puncture, and they carried in the machine a complete camping outfit, making a load in itself. They made part of the trip over the Lincoln Highway, and say the roads are fine except in Illinois, where they are very bad. One of the strong arguments for staying in Kentucky was put forth when they stated that they were compelled to pay 60 cents a gallon for gasoline and 10 cents a gallon for water, when they crossed the Great Desert. They rode for two days across the desert and never saw a living thing nor a single house.

Mr. and Mrs. Henderson were former residents of this city and left here several years ago and "went west to grow up with the country," and their many friends will be pleased to know that they are doing well and are in splendid health. They will remain here for several weeks visiting her parents and other relatives here, about and will return home over another route. Mr. Henderson is agent for the Southern Pacific Railroad at Fernley.

Mr. and Mrs. Frank Smith met them at Covington Thursday and accompanied them home, coming by way of Cincinnati and Ohio, crossing at Augusta and coming up from there.
